Subject: RE: Contractor SNC inspections - June 2020

Thank you, Michael. We are interested, and we will discuss this in our regular MMP enforcement meeting this Thursday. FYI, we plan to step up our pace of MMP enforcement over the next several months, addressing any SNC issues at these facilities as well, and joint inspections with your team would be a timely complement. Stay tuned; we'll follow up with you later this week or early next week.

Regards
Diana

EXTERNAL:

Hi all,
Wanted to check-in again to see if the Regional Board or State Board had any input on those SNC inspections as time is limited. Happy to discuss over the phone as well.
Thanks again,
Mike

Subject: Contractor SNC inspections - June 2020

Hi Diana, Heaven, and Erin,
EPA Region 9 was given some funds from headquarters for contractor SNC inspections that needs to be spent by July. After speaking with Beth Aubuchon, we thought there might be a good geographic cluster of SNC facilities in RB1 driving south from Eureka.

There is enough contractor money for 3, maybe 4 inspections. Ideally they would cover: Rio Dell, Ukiah, Forestville, maybe Elk River or Fortuna or TBD. The contractor is free the week of June 7 so we need to move quickly in selecting the facilities.

I do not know if EPA staff would join the inspections but state staff are more than welcome and could be involved for training purposes.

Please let me know if you think this is a good list of facilities or have others in mind.

Appreciate any feedback or input!

Thanks,

Mike
